

CLTPyrenees Pet Puppy Application

Revised May 5, 2022

Name: _____ Location: _____

1. Why are you interested in adding a Great Pyrenees to your family?

Please be aware that they are noted for barking, roaming and stubbornness, which may not be for everyone.

2. Do you own Livestock? If so, which kind?

Please be aware that training a puppy to livestock takes a lot of time and patience. It is best to never leave your puppy alone livestock until he/she is well trained and out of the playful puppy stage.

3. Do you have a secured and fenced yard?

Pyrenees are very curious and may want to jump over or dig under the fence.

4. Are you prepared to place a non refundable deposit for one of our babies?

It will not be refunded if your family changes their mind, doesn't like the puppies that are available, or found one from a different breeder. A deposit can be held for a future litter within 2 years of receipt of the deposit.

5. Did you read through our pet contract? (<http://www.cltpyrenees.com/CLTPyrPetPuppyContract.pdf>)

It is very important that you read and understand what you will be signing.

6. Are you prepared to make your baby's first wellness checkup within 72hours of arrival?

You have 72 hours after pick up to have your puppy examined by a licensed vet to confirm that you received a healthy puppy. It is recommended due to COVID-19 to make the appointment once puppies are born and a delivery date has been chosen.

7. Do you agree to not breed your puppy and to have them fixed before 1 year of age?

You are inquiring about a Pet Puppy, Which means that this puppy is not to be bred to produce any future litters. Your puppy will come with Limited registration with AKC, but don't worry, you can still participate in performance events like barn hunt, agility, dock diving, rally, lure coursing, and more.

8. Due to the rapid increase in gas prices, we will be charging \$2 a mile for any meet-up outside of 50 miles from our city, Apple Valley, CA 92307.

Thank you for taking the time to fill this application out and your interest in my breeding program which I have spent 14+ years refining to what it is today. If you have any further questions, please don't hesitate to ask.
